MEMORANDUM FOR: Chief, Contracts Settlement Section

ATTENTION :

SUBJECT :

REFERENCE : Contracts Settlement Section Memorandum
dated 8 October 1965.

1. The referenced memorandum requested that the Plans and Development Staff make a recommendation on the security implications of permitting Bausch & Lomb, Inc. to file a patent application on an invention, "A Zoom Type Anamorphic Eyepiece," as reported under the subject contract.

2. Because the work done under the subject Contract was unclassified, there is no reason to prohibit Bausch & Lomb, Inc. from applying for such a patent. As noted in referenced memorandum, a license confirming the Government's rights to the invention should be obtained from the Contractor.
